

**Hello!**

Firstly, RAAH would like to take this opportunity to THANK YOU ALL for your support so far.

We are so grateful that you have seen something in us and provided time, guidance, patience and commitment through your own limited capacity to help us achieve yours and the RAAHs DREAM!

For the RAAH family this has been an unbelievable opportunity; creatives have built up portfolios; young performers have been given a platform to show off their talent; those within the organisation of the event, social media and press team have achieved insane experience to help further their own careers in these really difficult times. But just as importantly, if not more, together we have been able to amplify the voices of those who have been through migration displacement, asylum, modern day slavery and discrimination.

From the young to the old. We are Stronger together than divided!

We have already raised over 10k to help support all the important work you guys do, and the money pot is growing daily- so bring on the main event!

We are grateful to all those who have supported us in creating the memorandum of understanding. We apologise for the delay's and we tried to our best ability to accommodate and take on all the advice we received, whilst still assuring the uniqueness and personality of RAAH is present. We hope this document signifies how our partnership is one of mutual respect, fairness and a relationship that we, at RAAH, value tremendously. The document has been approved by the Prism fund. If there are any issues in the signing of the document, please let myself or Chris (Element Society) know. We would appreciate a return of the signed document or an acknowledgement that you are unable to sign by Monday 5<sup>th</sup> of October.

**Thank you all so much for your patience and support!**
